Name Haskin Leonard A  
 (Last) (First) (Initial)

Prisoner Number B-96040

Institutional Address San Quentin, Ca. 94974

555  
**UNITED STATES DISTRICT COURT  
 NORTHERN DISTRICT OF CALIFORNIA**

Leonard Allen Haskin  
 (Enter the full name of plaintiff in this action.)

vs.

Robert Ayers, Jr. et. al.,

(Enter the full name of the defendant(s) in this action)

08-2226 CW  
 Case No. CV 08 0226 CW (PR)  
 (To be provided by the Clerk of Court)

**COMPLAINT UNDER THE  
 CIVIL RIGHTS ACT,  
 Title 42 U.S.C § 1983**

**[All questions on this complaint form must be answered in order for your action to proceed..]**

**I. Exhaustion of Administrative Remedies.**

**[Note:** You must exhaust your administrative remedies before your claim can go forward. The court will dismiss any unexhausted claims.]

A. Place of present confinement San Quentin

B. Is there a grievance procedure in this institution?

YES (X) NO ( )

C. Did you present the facts in your complaint for review through the grievance procedure?

YES (X) NO ( )

D. If your answer is YES, list the appeal number and the date and result of the appeal at each level of review. If you did not pursue a certain level of appeal, explain why.

**RECEIVED**

COMPLAINT

JUL 28 2008<sup>1</sup> -

RICHARD W. WIEKING  
 CLERK, U.S. DISTRICT COURT  
 NORTHERN DISTRICT OF CALIFORNIA

1. Informal appeal See attached exhibits, they  
will explain in full every avenue taken  
to exhaust administrative remedies.
2. First formal level The Case of (Boyd vs. Department  
of Corrections) thoroughly explains that if  
the Appeals Coordinators refuse to properly
3. Second formal level process our Appeals, then  
our administrative remedies have been  
exhausted. I even contacted the Prison
4. Third formal level Law Office regarding the  
Appeals Coordinators not properly process-  
ing our appeals. This is an ongoing issue.

E. Is the last level to which you appealed the highest level of appeal available to you?

YES ( ) NO ( )

F. If you did not present your claim for review through the grievance procedure, explain why.

## II. Parties.

A. Write your name and your present address. Do the same for additional plaintiffs, if any.

Leonard Allen Haskin (B-96040) San Quentin  
State Prison, San Quentin, Ca. 94974 4-H-17 L

B. Write the full name of each defendant, his or her official position, and his or her place of employment.

Robert L. Ayers Jr. (Warden) San Quentin, Physician

1 Martin San Quentin State Prison, Physician Wilson San  
 2 Quentin State Prison, Physician But San Quentin State Prison,  
 3 Chief Physician Williams San Quentin, Neurologist Dr.  
 4 Capozoli San Quentin, Urologist Dr. Gershbein San Quentin.  
 5 Neurologist Dr. Mendius San Quentin, Physician Udenhi San Quentin  
 6 III. Statement of Claim. C.O. Perry San Quentin, Sgt. Ngyen San Quentin

6 State here as briefly as possible the facts of your case. Be sure to describe how each  
 7 defendant is involved and to include dates, when possible. Do not give any legal arguments or  
 8 cite any cases or statutes. If you have more than one claim, each claim should be set forth in a  
 9 separate numbered paragraph.

10 See attached Statement of Claim.

23 IV. Relief.

24 Your complaint cannot go forward unless you request specific relief. State briefly exactly  
 25 what you want the court to do for you. Make no legal arguments; cite no cases or statutes.

26 See attached prayer for relief.

AMENDED COMPLAINT FROM HABEAS CORPUS  
TO 42 U.S.C . 1983

IN THE MATTER OF CASE # C08-02226 CW (PR)

ORIGINALLY FILED JULY 8, 2008

BY:

LEONARD A. HASKINS / B96040 - Petitioner

v.

ROBERT AYERS JR. et., al. - Respondent

IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF CALIFORNIA

LEONARD HASKINS-B96040,

Petitioner,

and

ROBERT AYERS, JR. et.,al.,

Respondent.

Case No.: CV 08-02226 CW (PR)

AMENDED COMPLAINT FROM  
HABEAS CORPUS TO § 42 U.S.C.  
1983

This case began erroneously as a Writ of Habeas Corpus, which was improper. In this Amended Complaint under §42 U.S.C 1983 Petitioner alleges that his Eighth and Fourteenth Amendment Right to be free from Cruel and Unusual Punishment and Equal Protection Under the Law Rights have been violated by the Defendants mentioned in this complaint. [Both Rights are secured by the U.S. Constitutional Laws of the United States].

The Petitioner amends this complaint to prove that each defendant herein this complaint, also committed Civil Right Violations in their professional capacities, by acting unethically, and unprofessionally and that those professional adversities affected the welfare of the Plaintiff, and subsequently deprived the Plaintiff of Federally Protected Rights.

1 The Plaintiff now wishes to modify the complaint per directive.

2  
3 The Plaintiff still alleges San Quentin Medical Staff's neglect to appropriately  
4 acknowledge or treat his medical condition and San Quentin Medical Staff's deliberate  
5 indifference to his serious medical conditions led to prolonged, severe, and unwarranted  
6 pain and suffering.

7  
8 Plaintiff still contends each named San Quentin Prison Medical Staff Member /  
9 Defendants were acting under the color of authority while under the employ of the State  
10 of California Department of Corrections at san Quentin state Prison; and while under the  
11 *direct supervision* of the primary defendant Robert Ayers Jr.; - Warden at San Quentin  
12 State Prison. The Plaintiff further alleges that each defendant by deliberately showing  
13 indifference to his medical need(s), did in fact violate his Eighth and Fourteenth  
14 Amendment Rights, and that the following is a synopsis of each defendant's Act of  
15 Liability:  
16  
17

18 On or about October 21, 2003, Physician Martin at San Quentin State Prison did willfully  
19 and with deliberate indifference to my serious medical need neglected to order  
20 treatment after being made aware of my complaints of severe pain and discomfort. My  
21 condition concerns a chronic need medically defined as Spinal Arthritic Disk  
22 Degeneration. Dr. Martin was aware of my diagnosis and the prognosis of another  
23 California Department of Corrections Physician (Dr. Leong of the California State Prison  
24 at Delano). The information attesting to my condition is also contained in my medical  
25 file. Dr. Martin's deliberate indifference and lack of appropriate care has therefore  
26  
27  
28

1 deprived me of my Constitutional Right to be free from Cruel and Unusual Punishment  
2 [a violation of the Eighth Amendment], and deprived me of my Fourteenth Amendment  
3 Right of Equal Protection Under the Law.  
4

5 Again, on or about March 1, 2004, I went to see Dr. Martin to get treatment for swelling  
6 of my knee, which also caused me serious, lower back pain, I was given a follow-up  
7 appointment, for 7-20-2004, and at the latter appointment, Dr. Martin discovered a large  
8 swelled area on the left knee, and referred me to a Tele-Ortho Doctor, where I received  
9 a diagnosis for what had become a "Bakers Cyst" on my left knee.[See attachment A-1  
10 & A-2]  
11  
12

13 On or about October 01,2004 I was seen by San Quentin H-Unit Physician Dr. Wilson  
14 for Spinal Arthritic Disk Generation, and at this time, I told Dr. Wilson, that in addition to  
15 the severe pain and the loss of feeling in my hands and feet, and also of pain in my  
16 shoulder. Dr. Wilson referred me to a Teleortho Doctor. On December 2, 2004, the  
17 Teleortho Doctor told me I would be starting therapy for my shoulder [See Attachment  
18 A-3].  
19  
20

21 From December 2, 2004 until approximately March 1, 2005, I complained to Dr.'s  
22 Wilson and Bui in the H-Unit Infirmary of urological problems, and neither Dr. ordered  
23 any treatment. On or about April 1, 2005 Dr. Bui ordered antibiotics for my enlarged  
24 prostate. However, the medication did not work. [See Attachments A-6(2), (5), and (7)].  
25

26 On December 2, 2004 according to Physicians in San Quentin's H-Unit, my Medical  
27 Chart was lost. Because of my severe medical; issues, I was sent to Dr. Williams (Chief  
28

1 Physician). Dr. Williams said he would be sending me to Urology, but never followed  
2 through with the appointment.

3  
4 On or about December 3, 2004 I spoke with Lieutenant Eagan about my medical needs  
5 and my lost medical chart. Lieutenant Eagan made many phone calls but without  
6 prevailing.

7  
8 During this time, CCI Linehan became involved, but was unable to help me [See  
9 Attachment A4 (a) and five]. CCI Linehan ailed a report of her findings to Warden Jill  
10 Brown. The report however, the report apparently never found its way to her office, but  
11 was instead re-routed to the Appeal Coordinator's Office. [See attachment A15 (1)].

12  
13 On or about December 17, 2004 I wrote a grievance about lack of treatment in San  
14 Quentin H-Unit medical and losing my medical chart [See attachment A-5(27)].

15  
16 On December 12-29-2004 The Appeals coordinator's secretary told me to send a  
17 second 602 (Grievance form) directly to her office, because the earlier one had been  
18 misplaced or lost. The second appeal (602) was returned on December 31, 2004  
19 directing me to mail it to the medical department. [See Attachment A-(1)].

20  
21 On December 30, 2004 my 12/17/2004 (602) was returned and I resubmitted it on 1-03-  
22 2005. It was returned on 1/4/2005. Stamped "Cancelled"[See Attachment A-5(27)].

23  
24 On December 24, 2004, I was seen by the San Quentin Neurologist Dr. Capozoli, who  
25 said I would receive an immediate M.R.I., and follow-up treatment. The M.R.I follow-up  
26 never took place. [See Attachment A-3].  
27  
28

1 On April 22, 2005 in san Quentin H-Unit Medical, I saw Urologist Dr. Gershein. He  
2 prescribed me seven days of valium and said that my symptoms (An X-RAYED  
3 ENLARGED PROSTATE) are psychosomatic. I continued to complain to H-Unit Doctors  
4 until I prescribed Flomax [See Attachment - A6(5)].  
5

6 On or about May 1, 2005 to H-Unit medical staff I complained of severe pain in my left  
7 shoulder, and acute pain in my lower back and neck, with loss of feeling in my hands  
8 and feet. [See Attachment]. On June 15, 2005, An M.R.I ordered by Dr. Khoo was  
9 ordered and taken [See Attachment A-8(1)].  
10

11  
12 On September 2005 I spoke to Lieutenant Barker who was at that time was the Medical  
13 Supervising Facilitator in H-Unit. I was referred by neurologist Dr. Mendius and was  
14 referred for surgery, but no follow-up was ever performed [See Attachment A-7].  
15

16 On or about January 1, 2006 my foot pain became acute. I complained of this pain to  
17 San Quentin doctors and the R.N. I was not seen by a Podiatrist, Dr. Griffith until June  
18 28, 2006. [See Attachment A-9] I again saw Doctor Griffith on July 5, 2006, and he told  
19 me that I had excessively high arches and needed an arch support [See Attachment A-  
20 9]. On August 16, 2006, I saw Dr. Griffith and Castings of both my feet were taken to  
21 make prosthetic arch supports. On August 30, 2006, Dr, Griffen checked the arch  
22 supports, and said I would need specially fitted shoes, and referred me to a Prosthetic  
23 Doctor [See attachment A-9]. On September 13, 2006, I saw Doctor Griffith, and he  
24 confirmed my Prosthetic Doctor appointment. [See attachment A-10(2)].  
25  
26

27 On November 17, 2006, I saw the prosthetic Doctor and received said shoes. [A-10(2)].  
28

1 On August 14th, 2006, I began therapy for my back and spinal degeneration disorder. I  
2 first requested treatment on October 21st, 2003. At this appointment the therapist said  
3 that I had a Chronic Cervical Lumbar arthritic degeneration and that I was beyond  
4 physical therapy until August 13, 2006, then I was referred to a neuro -surgery clinic at  
5 U.C.S.F. Hospital, and then referred back to San Quentin's medical physical therapist  
6 for another probationary period of light traction for Cervical Spine Disorder. On April 5,  
7 12007 this traction probationary period ended and the physical therapist referred me  
8 back to the neuro surgeon. From April 5, 2007 until approximately December 17, 2007, I  
9 received no follow-up treatments. [See attachment A- 10(1)].  
10  
11

12 On July 14, 2006, San Quentin medical sent me to see a Urologist. After a minimal case  
13 review, a Urologist never saw me again until approximately December 12, 2008. [See  
14 attachment A-9].  
15

16 On or about December 2005 I wrote a letter to the prison law office, explaining my  
17 medical issues and medical neglect by San Quentin Medical department. Since the  
18 above date, I have contacted said law office off and on with no legal help offered or  
19 rendered. [See attachment A-12 (1), (2), (3), and (4).  
20  
21

22 Shortly thereafter, I tried to mail a letter outlining my medical needs and medical neglect  
23 to San Quentin H- Unit medical personnel via the institutional mail system, and it was  
24 misdirected to the Appeals Coordinator's Office. The letter was written to the warden  
25 (Jill Brown). [See Attachment A-15 (1)].  
26  
27  
28

1 On or about September 1, 2007 San Quentin H-Unit medical sent me to doctors  
2 Hospital. Urology specialist Dr. Brown saw me.

3  
4 Dr. Brown said that he was making an appointment for surgery, and that he would be  
5 my surgeon. I on or about Tuesday October 16, 2007, I was admitted into doctors  
6 hospital for surgery on my prostate. On Wednesday, October 17, 2007, I was  
7 discharged and returned to San Quentin TTA Clinic, then sent back to my housing unit  
8 with no follow-up treatment or pain medications ordered by Dr. Brown.  
9

10 On October 18, 2007, my Dorm Officer (Archembeau) made multiple phone calls trying  
11 to obtain said medication for pain and treatment.  
12

13 On October 18, 2007 at 1700 hours, I was transported to via med. 1 to said TTA Clinic  
14 in severe pain, where I received pain Medication and antibiotics, and a follow-up  
15 treatment, which included cleaning my exterior catheter. I was then made to walk back  
16 to my housing unit. On October 19, 2007, I forced my way into San Quentin H-Unit  
17 Medical Unit and was seen by doctor Udenhi, and she exclaimed: "Oh my God, your  
18 Catheter was supposed to be removed' in 48 hours. Jesus, we're a day late already,  
19 R.N. get him sent to the TTA A.S.A.P. to get this (the catheter) removed!"  
20  
21

22 On October 19, 2007 at 1500 hours said TTA Doctor removed said catheter and I was  
23 told to walk back to my housing unit.  
24  
25  
26  
27  
28

1 On or about October 21, 2007 I began suffering complications from my prostate  
2 surgery, which caused acute pain in my prostate area, my urinary retention and burning  
3 when I urinated.  
4

5 Beginning in October 2007 I complained to San Quentin medical staff of said  
6 complications, and requested to be seen by Dr. Brown or for Dr. Brown too be called my  
7 request was ignored.  
8

9 After two weeks of complaining of said complications to the San Quentin H-Unit medical  
10 Staff, I called my mother (Ms. Judy Butler) for help. My Mother called the Inspector  
11 General's Office three times and explained my medical needs and problems at San  
12 Quentin, and requested that their office interview me. To no avail.  
13

14  
15 On November 20, 2007 in severe pain from said complications, I was transported to  
16 Doctors Hospital where Dr. Brown saw me.  
17

18 On November 20, 2007, I was returned to San Quentin TTA Clinic accompanied by  
19 strict treatment orders. I was refused said treatment.  
20

21 On or about December 10, 2007 San Quentin H-Unit medical Doctor Udenhi told me  
22 that all of Dr. Brown's treatment orders of November 20, 2007 were lost out of my  
23 medical file. Dr Udenhi then said that she would call Dr. Brown, and ask him what  
24 treatment he prescribed. Later Dr, Udenhi prescribed me one milligrams of Terazosin  
25 one time per day.  
26  
27  
28

1 This dosage did nothing for my pain or systems. Dr. Udenhi then started increasing said  
2 medications.

3  
4 On February 14, 2008 in San Quentin medical unit, one Dr. David saw me. Where she  
5 said that she had spoken to Dr. Brown, and per her instructions, I was given a new  
6 treatment procedure. I was prescribed Terazolin, and Oxybutin 5 mgs. One time  
7 daily.  
8

9 On or about February 18, 2008, I again contacted the prison law office and explained all  
10 of the above medical and lack of treatment after my recent prostate surgery. On  
11 February 21, 2008, I received a letter from Dr. Tobias at the prison law office.  
12

13 At this time, Mr. Tobias said that my case concerning medical neglect was being  
14 reopened. [See attachment A -17].  
15

16 On or about December 17, 2007 Dr. Papas (a spinal surgeon whose care I was not  
17 under) saw me in San Quentin medical. Dr. Papas saw me for A Spinal Degenerative  
18 Disorder and began me on Facet Spinal Injections for my Cervical spine Disorder. I am  
19 now under his care, [See Attachment A-10].  
20

21  
22 Lastly, on March 28, 2008 in San Quentin medical I was seen by one Dr. David where  
23 she referred me back to Dr. Brown (Urologist) due to complications from my on going  
24 medical need in that area. Dr. David also ordered an M.R.I of my Lumbar Spine, which I  
25 waited three years to have looked into.  
26  
27  
28

1 On December 24, 2006 at 1900 hours, I became deathly ill, and I began to vomit every  
2 30 minutes. At approximately 0100 hours, I approached Officer Perry in my dorm at San  
3 Quentin's H-Unit, and requested immediate medical treatment, called "Man-down".  
4 Instead of ordering the "Man-Down ", officer Perry called the first watch Sergeant, who  
5 refused me thee "man-down" order. At approximately 0300 hours, I again approached  
6 Officer Perry and told him that I was continually experiencing vomiting and diarrhea.  
7 Officer Perry once again called the Sergeant on duty, and once again, the Sergeant  
8 refused to order a "man-down" medical emergency call.  
9  
10

11 At 0520 hours I again approached Officer Perry in my dorm and said;" For God Sakes,  
12 I'm literally dying, what do have to do to get some medical attention"? Officer Perry  
13 finally wrote me a pass to get to the TTA clinic.  
14

15 To get a clearance to go to said TTA Clinic I first had to walk to San Quentin  
16 Administration Building, and on the way there, I was approached by the third watch  
17 Officer (Lee) who said to hold on, and he would issue a man - down call, which the R/N  
18 agreed to.  
19

20  
21 As I waited to be picked up. An Officer Johnston approached me and ordered me to go  
22 back to my dorm. About one hour later, I saw Sergeant Collier, and he ordered that I be  
23 escorted to said clinic. At the TTA clinic, R/N said that if I did not come in when I did,  
24 that I would have died of dehydration.  
25

26 I Leonard A. Haskins believe that all of the above attachments B-1 through B-2 ~~6~~ along  
27 with attachments C-1 through C-5 demonstrate the dangerous lack of medical care to  
28

1 my person, at San Quentin Prison, and that all references to san Quentin medical staff  
2 are apparent in their omissions to act and to provide me with adequate medical care  
3 and treatment due to indifferences to my very serious medical condition(s), which  
4 directly violated my Eighth Amendment Right to be free from Cruel and Unusual  
5 Punishment, and my Fourteenth Amendment Right assuring Equal Protection Under  
6 the Law as guaranteed by the U.S. Constitution.  
7

8 Further, that these San Quentin Medical staff members acted irresponsibly, and with  
9 callous disregard for my health and safety while acting under the color of authority.  
10

11 PRAYER FOR RELIEF

12 The petitioner prays for in the amount of ten million dollars in punitive damages for pain  
13 and suffering caused as a result of each parties indifference to the petitioner's serious  
14 medical needs, inappropriate care, and for violating the Petitioner's Eighth and  
15 Fourteenth Amendment Rights.  
16

17  
18 Dated this 21st day of July 2008.

You may appeal any policy, action or decision which has a significant adverse affect upon you. With the exception of Serious CDC 115s, classification committee actions, and classification and staff representative decisions, you must first informally seek relief through discussion with the appropriate staff member, who will sign your form and state what action was taken. If you are not then satisfied, you may send your appeal with all the supporting documents and not more than one additional page of comments to the Appeals Coordinator within 15 days of the action taken. No reprisals will be taken for using the appeals procedure responsibly.

NAME	NUMBER	ASSIGNMENT	UNIT/ROOM NUMBER
Monard, Leonard	276490	Pr A Chair Upholsterer	6 H-121

A. Describe Problem: On 12-2-04 I was seen by Dr. Jeffrey L. Targi for a Tele-Ortho consultation regarding xray results of my left shoulder and Cervical Spine. I informed him that due to severe chronic pain in my neck and left shoulder I had already missed approximately a little over a weeks worth of work and also my boss Jeff Scooby needed paper work excusing me from work until I received some means of treatment. I was informed by Dr. Targi that he would order physical Therapy

If you need more space, attach one additional sheet.

B. Action Requested: That this matter be immediately investigated by proper assigned staff. That all parties involved receive disciplinary action of the highest degree. That my initial Appeal be immediately granted. That I be compensated for all loss of pay!

Note: Property/Funds appeals must be accompanied by a completed Board of Control form BC-1E, Inmate Claim

treatment for my shoulder, and to be placed on temporary medical leave from work. The Tele Onthe Nurse took my boss's name and extension number from me and said he would receive the necessary paper work. On 12-3-04 after finding out that my boss didn't receive paper work, I went to M.J.A. Walber who said she was ask for my chart and take care of the problem. On 12-6-04 again finding that my boss hadn't received any paper work as yet, I went and asked M.J.A. Morrow to check into the matter. She, once again said she would ask for my chart and resolve the problem. On 12-7-04 when enquiring again with M.J.A. Morrow, she exclaimed that my chart was unavailable. After receiving the same answer for approximately (2) two weeks on a daily basis, I consulted with Lieutenant Eagan regarding the problems I was having. He said I should file an immediate Inmate Appeal to cover my tracks. On 12-17-04 I delivered my appeal to M.J.A. Morrow who was to hand deliver it to Chief Medical Officer On. Calvo that day. On 12-20-04, I asked M.J.A. Morrow if she delivered my appeal, she informed me that it was delivered to the Appeal's Office. On a daily basis since 12-17-04 I have been asking if my Medical Chart has been located so I can receive medical treatment. I have been treated very disrespectfully ~~for~~ by M.J.A. Morrow and Walber telling me there was nothing they would do until they received an answer on my Appeal. On 12-24-04 since (12) twelve days has elapsed with no response, I asked M.J.A. Morrow once again what was happening. I received the same arrogant response, "there is nothing

I will do until I receive an answer on your appeal." The continued responses finally made me suspicious, that is when on 12-24-04 I brought the matter to the attention of Officer Brodi who contacted your Office.

The deliberate misdirection of an Appeal is serious business; considering the consequences that it can cause. The inmate Appeal is a legal process and should be treated as such by all individuals who handle them. The deliberate misdirection ~~of~~ destroying of an Appeal should deem serious disciplinary actions to all parties involved.

One thing that I forgot to mention is that a copy of my Appeal was sent by myself directly to Dr. Calvo.

RULES VIOLATION REPORT - PART C

PAGE 1 OF 1

CDC NUMBER B-96040	INMATE'S NAME HASKIN	LOG NUMBER (05-3H-0)-101	INSTITUTION SQSP	TODAY'S DATE 2/21/05
-----------------------	-------------------------	-----------------------------	---------------------	-------------------------

<input type="checkbox"/> SUPPLEMENTAL	<input checked="" type="checkbox"/> CONTINUATION OF	<input type="checkbox"/> CDC OF CIRCUMSTANCES	<input checked="" type="checkbox"/> HEARING	<input type="checkbox"/> REPORT	<input type="checkbox"/> OTHER
---------------------------------------	---	---	---	---------------------------------	--------------------------------

**Hearing:** The hearing was convened on 2-13-05, at approximately 1000 hours when I introduced myself to HASKIN as the Hearing Officer for this disciplinary. HASKIN stated he was in good health with normal vision and hearing. HASKIN acknowledged that he received a copy of the following document more than 24 hours in advance of the hearing: CDC 115. This report as well as the disciplinary charge of REFUSAL TO WORK were reviewed with HASKIN in the hearing. He stated that he understood both and that he was prepared to begin the hearing.

**Due Process:** The disciplinary was served on the inmate within 15 days of discovery and the hearing was held within 30 days of service. The inmate received his copies of all documents more than 24 hours in advance of the hearing. There are no due process issues.

**Staff Assistant:** HASKIN was not assigned a Staff Assistant as the issues are not complex, does not meet criteria in CCR 3315 (d) (2)

**Investigative Employee:** HASKIN was not assigned an investigative Employee, incident does not meet criteria in CCR 3315 (d) (1)

**Request for Witnesses:** HASKIN waived all witnesses and the SHO requested MTA's Walker and McCloskey and CMO Dr. Williams.

**Plea:** GUILTY WITH AN EXPLANATION.

**Hearing testimony:** HASKIN gave the following testimony as his defense: I have been trying to get medical treatment regarding pain in my shoulder. I have filed Appeals and they have been returned. CCI Linehan has been attempting to assist me. Hearing postponed pending availability of witness. HASKIN explained that he could not work due to chronic pain in his neck and shoulder due to osteoarthritis.

2-16-05 hearing reconvened with CCI Linehan present. Linehan had a packet of papers. She stated that she had been assisting HASKIN in resolving his medical issues. She had advised him to submit a copy to the CDW and one to the Warden. HASKIN received a notice back, which stated they do not except copies of Appeals. A blank 602 was attached. Neither Linehan nor HASKIN understood where the notice came from. HASKIN went on to explain that he has been attempting to resolve his medical issue for 2 months. Around 10-29-04 a Dr Wilson read some x-rays and stated that the deterioration was worse in his neck than he thought. Dr. Wilson scheduled HASKIN for additional test and asked him about cortisone shots. HASKIN explained that he had a shot about 4-5 years ago. The problem started when medical discovered that his medical file was missing around 12-2-04 and they said they could not treat him because he did to have a medical file. The file was located on 12-29-05. Since then he was treated by Dr. Bui but only for a change in prescription. HASKIN claims to have been referred to CMO Dr. Williams by MTA's Walker and McCloskey, Nurse Daniels and another nurse. On 2-16-05 SHO left a message with the CMO's secretary.

On 2-17-05 SHO contacted the CMO, Dr. Williams. All of the above information was relayed to Dr. Williams. Dr. Williams had a nurse White write a 3-day lay-in for HASKIN. The lay-in was written pending a proper medical review of the issues claimed by HASKIN.

**Finding:** NOT GUILTY of the Div. F (3) (California Code of Regulations, Title 15, Section 3315 (a)(3)(J)) offense REFUSAL TO REPORT TO WORK. This finding is based upon the following preponderance of evidence:

1. HASKIN claimed of having chronic pain from October.
2. HASKIN medical files were lost from 12-2-04 to 12-29-04

SIGNATURE OF WRITER R. EGAN 		TITLE Correctional Lieutenant		DATE NOTICE SIGNED 2/21/05	
COPY OF CDC-115-C GIVEN TO INMATE		GIVEN BY: (STAFF'S SIGNATURE)		DATE SIGNED:	TIME SIGNED:

January 13, 2005

Beginning of October, severe pain neck and left shoulder. Dr. Wilson ordered x-rays of both areas.

10-27-04, x-ray results consultation with Dr. Wilson. Good news, bad news. Left shoulder not as bad as expected, bad news, neck x-ray looks terrible. Several tests ordered along with teleortho conference appointment request, plus a 30 day review. Medication prescribed (Bextra-Celebrex).

11-29-04, 30 day review appointment for Dr. Wilson, already missed several days of work due to severe pain. Would resolve problems with Dr. Wilson. Unfortunately Dr. Wilson left early that day, was seen by Dr. Striker instead, nothing resolved. In urgent need of paper work for my boss, Jeff Scoozzy, P.S.A. Chair Upholstery. 11-29-04, new request filed to be seen by Dr. Wilson.

12-2-04, Teleortho conference with Dr. Targi of U.C. Davis sports clinic. Explained about severe pain in neck and left shoulder to him, along with being absent from my job for several days. He was very evasive when I asked about my x-ray results, I was actually given almost no information. Although, paperwork was to be sent to my boss temporarily placing me on medical hold, along with ordering physical therapy for my shoulder.

12-3-04, asked M.J.A. Morrow if paperwork had been sent to my boss, no, but I will request your chart and take care of it.

12-6-04, Again asked M.J.A. Morrow about my paperwork plus my request to see

Dr. Wilson. Once again, "I will request your chart and you will be seen."

12-6-04 - 12-17-04, I received a new reply, "We are unable to locate your chart."

12-17-04, I met with Lieutenant Eagan and explained my problems. He told me to immediately file an Inmate Appeal to cover my tracks, although he would watch for any disciplinary paperwork. My appeal was to be hand delivered by M.J.A. Morrow to Dr. Calvo.

12-20-04, when I inquired with M.J.A. Morrow regarding the delivery of my appeal, she exclaimed that she delivered it to the Appeal's Office. I told her that wasn't the correct procedure, you can't bypass the informal level. "Oh well."

12-29-04, I asked Officer Brodi to see the facility Captain because it had been 12 days with no reply from my appeal, the matter was becoming quite urgent. Also that on a daily basis from 12-17-04 - 12-29-04 when I asked M.J.A. Morrow if my chart has been located, I need to be seen by the Doctor, I received a very arrogant reply. "We refuse to do anything until your appeal is answered." Officer Brodi contacted Loretta in the Appeals Office who explained that I need to file a back-up appeal ~~explaining~~ explaining everything I have done up to date and send it directly to her, which I did.

12-23-04, while this was taking place I was seen by Dr. Cappizolli, the Neurologist. My chart was still not

available, although he conducted some preliminary tests. He confirmed that I did have advance stages of neuropathy, along with the need for an immediate M.R.S. He also asked me if I needed corrective surgery if I would allow it, "yes, if the Surgeon was highly qualified and to my liking only." I also learned that the cause of my neuropathy might well be the T.B. Medication ~~co~~<sup>I</sup> was given while at California Men's Colony from 1993-1995. He also confirmed advance stages of osteoarthritis.

1-3-05, I received through Institutional mails both Appeals dated 12-17-04 and 12-29-04. The original appeal dated 12-17-04 showed a return date of 12-29-04 the date of my second appeal, quite a coincidence. The reply I was given is that my chart was located, then a kind of arrogant remark, "Thank you very much." But! there was no reply to my other two requests, paper work to my Supervisor (Jeff Scoozy) and to be seen by Dr. Wilson as soon as my chart was located. The appeal that was requested by Loretta in the Appeal's Office dated 12-29-04 was also returned refusing processing for bypassing the informal level. This was in total disregard as to what I was told by Loretta to do!

1-3-04, both appeals were sent back together for re-processing with full explanations on my part.

1-5-04, both appeals were returned to me. The appeal dated 12-17-04 had attached to it a cover letter cancelling my appeal for ~~unsubstantiated~~ unsubstantiated

reasons. The Appeal's Office illegally refused to process my appeals. See copies of both cover letters enclosed.

1-12-05, I inquired through M.J.A. Walker why I haven't been seen by Dr. Wilson since my chart was located on 12-29-04? She told me to file another request and it would be given directly to Nurse White. When I was returning to the H-Unit Clinic to turn in my request, I caught Nurse White outside the Administration Office door and explained my situation. She immediately returned to the clinic and gave my request to M.J.A. Morrow and told her to request my chart, I would be seen that day. At approximately 1:45 P.M. when she was leaving to go home, I stopped her at the ped-gate and asked what happened. "I was to busy today, I have your chart, you will be seen tomorrow."

1-13-05, when I tried to ask M.J.A. Walker heading to the ped-gate at 12:30 that day what happened again, she completely ignored me.

This is when I met with Counselor Linehan. I have been maliciously denied medical treatment for close too three months. Every avenue I have tried to use to resolve this urgent matter has maliciously been thwarted.

All this information has been supplied to an Attorney in Anthony Sera's Office.

You may appeal any policy, action or decision which has a significant adverse affect upon you. With the exception of Serious CDC 115s, classification committee actions, and classification and staff representative decisions, you must first informally seek relief through discussion with the appropriate staff member, who will sign your form and state what action was taken. If you are not then satisfied, you may send your appeal with all the supporting documents and not more than one additional page of comments to the Appeals Coordinator within 15 days of the action taken. No reprisals will be taken for using the appeals procedure responsibly.

NAME	NUMBER	ASSIGNMENT	UNIT/ROOM NUMBER
Harbin Leonard	B-91044	P.T. A Charge Violator	4-H-171

A. Describe Problem: Approximately 3 months ago I was seen by Dr. Wilson with the complaint of severe pain within my neck and left shoulder. At that time he ordered an x-ray exam to be conducted of both areas. On 10-27-04 I was once again seen by Dr. Wilson for a consultation regarding my x-ray results. I was informed that the x-rays of my neck showed some serious problems and he ordered several tests to be conducted along with a tele-conference. Since my

If you need more space, attach one additional sheet.

B. Action Requested: That my medical chart be immediately located! That the necessary paper work be issued to by by boss ensuring me for the days I've missed work. That I receive proper medical treatment immediately so I may return to work!

Inmate/Parolee Signature: Leonard Harbin Date Submitted: 12-17-04

C. INFORMAL LEVEL (Date Received: 12/29/04)  
Staff Response: I found your chart it is in medical records  
Thank you very much.

Staff Signature: Lillian J. Whynes MA Date Returned to Inmate: 12/29/04

D. FORMAL LEVEL  
If you are dissatisfied, explain below, attach supporting documents (Completed CDC 115, Investigator's Report, Classification chrono, CDC 128, etc.) and submit to the Institution/Parole Region Appeals Coordinator for processing within 15 days of receipt of response.

Since my chart was located on Wed. 12-29-04, and one of the major reasons for finding my chart was to be seen immediately by Dr. Wilson, and considering that today's date was Jan. 3, 2005, then one of the major actions

initial appointment on 10-27-04, I have run into serious trouble in performing my job assignment due to severe pain. On 11-3-04 I was returned to H-unit at 12:15 because of severe pain. On 11-29-04 I was called back in to medical by Dr. Wilson for a 30 day review. At this time I was going to discuss the problems I was having regarding pain and ask to be given a steroid shot so I could properly perform my job assignment. Unfortunately since Dr. Wilson left early that morning, I had to be seen by another Dr. who was unfamiliar with my case, and was basically unable to resolve any issues. On 12-2-04 I was seen by the Tele-Onthe physician and explained to him of the problems I was having and that I had been unable to report to my job assignment for approximately a little over a week already. At that time the Doctor was going to request that I start physical therapy and I was to be placed on temporary medical hold until I was able to return to work. Also paper work was to be sent to my Supervisor Jeff Scooggy with a full explanation, I don't want to loose my job assignment! On 12-3-04, I asked M. J. A. Walter if my paper work was sent to my boss, "no, but I'll ask for your chart so it can." On 12-6-04 I asked M. J. A. Morrow if my paper work had been sent to my boss, "no, but I will ask for your chart once again." Every day to date (12-17-04) I have been asking to be seen by Dr. Wilson and my response is no chart, you can not be seen without a chart. Because of this charade, I am about to loose my job assignment and receive disciplinary action.

Attachment, A-5(27)

I am also being denied my rights to proper medical treatment per Title 15 Section 3350.

Attachment, A-8(1)

FILE

### MAGNETIC RESONANCE IMAGING - CERVICAL SPINE

**PATIENT:** HASKIN, LEONARD *B96040*  
**EXAM DATE:** 6/15/2005 **DOB:** 11/14/1951 **ID#:** 59902  
**REFERRED BY:** E. Khoo, MD  
 Neumiller Infirmary-San Quentin Prison  
 San Quentin, CA 94964  
 Phone: 454-1460 Fax: 455-5011

*pe, mp  
6/17/05*

### IMPRESSION:

1. Small central protrusion at C2-3 without significant effect on neural elements.
2. Small to moderate central protrusion at C3-4, with asymmetric degenerative joint disease and bilateral neural foraminal stenosis.
3. Broad based bulge and uncinat greater than facet hypertrophic changes at C4-5, with mild central stenosis and marked bilateral neural foraminal stenosis.
4. Broad based bulge and uncinat greater than facet degenerative changes at C5-6, with mild central stenosis and moderate bilateral neural foraminal stenosis.
5. Broad based disc/osteophyte complex and uncinat greater than facet degenerative changes at C6-7, with mild right and mild to moderate left neural foraminal stenosis.

**CLINICAL INFORMATION:** Bilateral upper extremity radiculopathy.

**COMPARISON:** None available.

**TECHNIQUE:** Sagittal spin echo T1 and fast spin echo T2. Axial fast-spin echo T2 and fast gradient echo T1 weighted.

**EXAMINATION FINDINGS:** Vertebral body heights, alignment, lordosis and marrow signal intensity are normal.

Visualized posterior fossa elements are normal in structure and signal intensity. No tonsillar herniation, intradural soft tissue mass, or epidural fluid collection is present. Paravertebral soft tissues are unremarkable.

RE: HASKIN, LEONARD

MRI CERVICAL SPINE

6/15/2005

Page 2

## Findings at Specific Levels:

C2-C3: Small annular tear and protrusion, without stenosis.

C3-C4: Small to moderate central protrusion, which causes moderate effacement of the ventral CSF space, and abuts the ventral surface of the spinal cord without indenting it. Moderate bilateral facet and mild bilateral unciniate hypertrophic changes are seen. There is moderate left and mild right neural foraminal stenosis at this level.

C4-C5: Moderate disc desiccation with mild to moderate broad based bulge, mild bilateral facet hypertrophic changes, and moderate to marked bilateral unciniate hypertrophic changes. There is moderate effacement of the ventral CSF space, without flattening of the spinal cord. Moderate to marked bilateral neural foraminal stenosis is seen at this level.

C5-C6: Moderate to marked disc desiccation with moderate broad based bulge, moderate bilateral facet hypertrophic changes, and moderate to marked bilateral unciniate hypertrophic changes. There is moderate effacement of the ventral CSF space, without flattening of the spinal cord. Moderate bilateral neural foraminal stenosis is seen.

C6-C7: Moderate disc desiccation with marked loss of disc height and moderate anterior disc/osteophyte complex. Mild to moderate posterior disc/osteophyte complex is seen, with mild bilateral facet and moderate bilateral unciniate hypertrophic changes. There is mild effacement of the ventral CSF space, without flattening of the spinal cord. Mild right and mild to moderate left neural foraminal stenosis is seen at this level.

State of California Department of JusticeSubject: **PRISON LAW OFFICE REQUESTS FOR REVIEW OF PLATA INMATE CONCERNS  
RELATING TO INMATE LEONARD HASKIN, B-96040**

Pursuant to the Stipulation For Injunctive Relief agreed to in re *Plata v. Schwarzenegger*, the Health Care Manager at San Quentin State Prison (SQ) has provided the following information in response to the questions asked by Alison Hardy of the Prison Law Office.

1. Is Mr. Haskin currently prescribed Flomax? If so, is it in his possession? Please explain.  
*Dr. Williams personally visited with Mr. Haskin on May 25, 2006. On April 25, 2006, Mr. Haskin received 30 Flomax with a renewal on May 25, 2006.*
2. Please explain the delay in Mr. Haskin receiving his prostate medication.  
*A review of Mr. Haskin's UHR reveals that a physician did order Flomax through April 18, 2006. His order was renewed on April 25, 2006.*
3. Is Mr Haskin currently having trouble urinating?  
*Mr. Haskin states he does experience occasional difficulty urinating in the evening.*
4. What is Mr. Haskin's current treatment plan?  
*A request for urology consult was submitted on May 25, 2006, to explore therapeutic options (medically or surgically).*

Thank you for your assistance in this matter. Please do not hesitate to contact me at (916) 327-1205, if you have any questions.

Dear Mr. Haskin:

I write in response to our conversation on 11/30/06. In the conversation, you stated that you had an MRI done over a year ago, and that you were referred to a neurosurgeon, who said that he wanted an up-to-date MRI before performing surgery. You express your concern that it would take weeks or months to have this MRI performed.

I am sorry to hear about this situation. After reviewing the documents we have on file, we will unfortunately need for you to exhaust your administrative remedies on this issue before we can advocate on your behalf.

Until I hear from you again, I wish you the best.

Sincerely,

Sam Weiner

San Quentin, CA 94974

Dear Mr. Haskin,

As you know, we wrote to the Attorney General on 5/9/2006 under procedures set forth in the *Plata* Stipulation to request further information about your Flomax. I spoke with Dr. Saylor about your concern at a telephone conference on 7/14/2006. Please see the enclosed memo for further information that was provided to us.

Dr. Saylor said that you were seen on 7/14/06 by the urologist. I also spoke to you on 7/17/2006 and you confirmed this statement, as well as informing me that you are still taking Flomax.

During our phone conversation, you also informed me that you have been waiting over three months for results from an upper-GI. I understand that you are very frustrated because you have had to wait so long for these results, and it is inhibiting you from seeking further treatment from specialists. Unfortunately, our office is unable to assist you with this concern at this time. You must attempt to exhaust your administrative remedies before we can determine whether we can assist you.

If you have specific information or documents showing that the information told to us by prison officials is not correct, please contact us. Unless there is such information, we cannot take further action regarding your particular medical care concern, and we may not be able to take further action in any event, depending on the nature of your medical concern. We advise you to continue using the "sick call" process to bring your concerns to the attention of medical staff. If your concern is not resolved by medical staff, you should file and pursue a 602 administrative appeal unless you have already received a Director's Level response to an appeal. You can send this office any newly exhausted medical appeal (602 with Director's Level response).

I wish you the best.

Sincerely,

Nina Frank

Dear Mr. Haskin,

As you know, we wrote to the Attorney General on 5/9/2006 under procedures set forth in the *Plata* Stipulation to request further information about your Flomax. I spoke with Dr. Williams about your concern at a telephone conference on 6/9/2006. Please see the enclosed memo for further information that was provided to us.

Dr. Williams said that you now have your Flomax in your possession. He told us that the delay in receiving this medication was due to the prescribing doctor not drafting a follow-up order. He also informed us that when he spoke with you about a week ago, you told him that you are only having trouble urinating at certain times of the day. He told us that he suggested that you take your medications later in the morning to alleviate these symptoms. Dr. Williams also informed us that he submitted a request for you to see the urologist. During our next call, we plan to ask about the scheduling of this appointment.

Since there are issues that are still unresolved, I intend to discuss your case with the Health Care Manager at SQ again during our next scheduled call on 7/14/06. I will contact you again once I receive further information. I would appreciate it if you would keep me updated regarding any treatment or pending treatment you receive. I am enclosing a postage-prepaid envelope for your convenience.

Sincerely,

Nina Frank  
Litigation Assistant under Alison Hardy

Leonard Haskin, B-96040  
 SQ  
 PO Box (See CDC # near name)  
 San Quentin, CA 94974

Dear Mr. Haskin:

I am writing to let you know that based on the phone conversation we had on 2/1/08, we will be re-opening your file. Nonetheless, in order to document your concerns, I still encourage you to continue to pursue this matter through the 602 appeals process as well.

We will discuss your medical care and health concerns at our next scheduled HCM conference call. We will contact you again once the call has taken place. We have submitted the following to the Attorney General's Office:

On 2/1/2008 we received a call from Mr. Haskin. At that time he informed us that in November he underwent surgery to address urological problems. He states that he received a number of post-surgical recommendations, including urinalysis and a prescription for Paradione. However, Mr. Haskin informs us that he did not receive these treatments, and states that San Quentin medical staff told him they have not been able to locate any post surgical recommendations. He states that he saw his PCP on 1/14, and she said that she would inquire about this issue, but as of 2/1 he has not received a response.

1. Please briefly describe Mr. Haskin's November surgery, post-operative care at San Quentin and current medical status.

2. What post-operative recommendations, if any, has San Quentin medical staff received following Mr. Haskin's surgery?

3. Has Mr. Haskin been seen regularly by his PCP following his surgery? Is it appropriate that he be seen regularly? Please explain.

Sincerely,

Tobias Smith

You may appeal any policy, action or decision which has a significant adverse affect upon you. With the exception of Serious CDC 115s, classification committee actions, and classification and staff representative decisions, you must first informally seek relief through discussion with the appropriate staff member, who will sign your form and state what action was taken. If you are not then satisfied, you may send your appeal with all the supporting documents and not more than one additional page of comments to the Appeals Coordinator within 15 days of the action taken. No reprisals will be taken for using the appeals procedure responsibly.

Sergeant was called, in direct violation of Section (3354) regarding health care responsibilities and limitations of the Title 15 rules and regulations Code, the First-Watch Sergeant took it upon himself to act as a health care employee and deny me badly needed medical attention. Section (3354) explicitly explains that only health care consultants shall be permitted, within the scope of their licensure, to diagnose illness or, prescribe medication and health care treatment for inmates. "No other personnel may do so." Once again at approximately 0300 hrs. after still continuously suffering from extensive vomiting/diarrhea I approached the podium and told Officer Perry that my symptoms have become increasingly worse that I seriously need medical attention, also that I was now becoming critically dehydrated. Officer Perry once again contacted the first-watch Sergeant and explained that inmate (Haskin) was getting seriously worse, unfortunately the Sergeant again violating Section (3354) took it upon himself to deny me badly needed medical attention. At any point of time during this fiasco if by chance an M.T.A. was contacted, then that person was seriously negligent in performing his/her job duties! At 0520 hrs. I approached Officer Perry again and said, "What do I have to do to get some damned medical attention? For God's sake I feel like I'm literally dying." Finally he took the initiative to write me a pass directly to the T.T.A. Clinic. At 0530 hrs. I barely made it to the Admin. Building and observed my third-watch dorm Officer Lee coming out of the M.S.F. Dorm and approach the Admin. Building, he stopped at the front door and asked what I needed. I then

AN 17 REC'D

thank God I was brought in there. Over approximately 4 hours it took a full 4 liter bags of sterile fluids to bring my heart rate even back to (100) a somewhat safer level. I was lastly given an I.V. injection of prochlorperazine and three prochlorperazine 10mg. tablets. As I got ready to return to my dorm I was told no solid foods for at least 4 days, unfortunately this is where the first mistake was made. I wasn't issued any enlive nutrient drinks to sustain myself. The following day of Dec. 26, 06 I approached male ~~nurse (Pickett)~~ and explained to him my situation, he became very unprofessional and stated thusly, "you got enough fluids yesterday I've nothing for you." I was very unprofessionally denied any way to sustain myself for over 4 days until the medical staff finally started handing out (enlive). I was never treated so disrespectfully my entire life until this fiasco. The only three people who showed professionalism and respect were, Sergeant Collier, and the two male nurses in the T.T.A. Clinic.

JAN 17 RECD

1-2-07

C. M. O. Saylor:

The main reason that I am sending this appeal directly to you at the informal level is many fold. First, I have previously brought this matter to the attention of your Senior M.T.A. with no response. Secondly, I tried to obtain staff assistance regarding who to direct this appeal to, only to face a dead end. Lastly, the severity of the issues at hand, also that they deal with violations regarding medical protocol, which in turn put my health and well-being at great risk.

I will deeply appreciate your assistance in getting to the bottom of this urgent matter.

Thanking you in advance.

Leonard Hasbun, B-96040

JAN 17 REC'D

1-2-07

Mr. Robert Sillen,

I am sending you a copy of an inmate appeal which I sent to C.M.O. Kathleen Taylor. The reason for sending you a copy is due to the severity of the issues at hand, and also that they deal directly with extremely serious violations of professional medical protocol. There is no question that my health and well-being were put at great risk by this astronomical price of unprofessionalism. I feel sir that (4 liter bags of fluids) to finally rehydrate me was extensive. At (55) years of age, a heart rate of (145-150) was definitely at a critical stage.

I will deeply appreciate your assistance at getting to the root of this fixer.

Thanking you in advance.

Leonard Haskin, B-96040

State of California

# Memorandum

Date : March 1, 2007

To : Haskin, B96040

Subject: STAFF COMPLAINT RESPONSE - APPEAL # 07-00209-

**APPEAL ISSUE:** Complaint Against Staff

**DETERMINATION OF ISSUE:** A review of the allegations of staff misconduct presented in the written complaint has been completed. Based upon this review your appeal has been handled as follows:

- ☒ PROCESSED AS A STAFF COMPLAINT APPEAL INQUIRY
- ☐ REFERRED TO THE OFFICE OF INTERNAL AFFAIRS (Note: You will be notified of the conclusion of any internal affairs investigation)

## SUMMARY FOR APPEAL INQUIRY:

You allege that on December 24, 2006 you became very ill, which lasted for several days. You stated that you received several liters of IV Fluid in the TTA during the time of this illness. You alleged that LVN Picket was in H Unit on December 26, 2006 and treated you in an unprofessional manner when you requested Enlive. Upon interview, you stated that you chose not to pursue the complaint against LVN Picket at this time.

## FINDINGS FOR AN APPEAL INQUIRY:

Your appeal is PARTIALLY GRANTED at the ☒ First level, as an inquiry into your allegation has been conducted. ALL STAFF PERSONNEL MATTERS ARE CONFIDENTIAL IN NATURE. As such, results of any inquiry/investigation will not be shared with staff, members of the public, or inmates. Although you have the right to submit a staff complaint, a request for administrative action regarding staff or the placement of documentation in a staff member's personnel file is beyond the scope of the staff complaint process.

Allegations of staff misconduct do not limit or restrict the availability of further relief via the inmate appeals process. If you wish to appeal the decision, you must submit your staff complaint appeal through all levels of appeal review up to, and including, the Director's Level of Review. Once a decision has been rendered at the Director's Level of Review, your administrative remedies will be considered exhausted.

CDC Appeal Number:

treatment for my shoulder and to be placed on temporary medical leave from work. The Tele-Onthe Nurse took my boss's name and extension number from me and said he would receive the necessary paper work. On 12-3-04 after finding out that my boss didn't receive paper work, I went to M.J.A. Walber who said she would ask for my chart and take care of the problem. On 12-6-04 again finding that my boss hadn't received any paper work as yet, I went and asked M.J.A. Morrow to check into the matter. She, once again said she would ask for my chart and resolve the problem. On 12-7-04 when enquiring again with M.J.A. Morrow, she exclaimed that my chart was unavailable. After receiving the same answer for approximately (2) two weeks on a daily basis, I consulted with Lieutenant Eagan regarding the problems I was having. He said I should file an immediate Inmate Appeal to cover my tracks. On 12-17-04 I delivered my appeal to M.J.A. Morrow who was to hand deliver it to Chief Medical Officer On. Calvo that day. On 12-20-04, I asked M.J.A. Morrow if she delivered my Appeal, she informed me that it was delivered to the Appeal's Office. On a daily basis since 12-17-04 I have been asking if my Medical Chart has been located so I can receive medical treatment. I have been treated very disrespectfully ~~by~~ by M.J.A. Morrow and Walber telling me there was nothing they would do until they received an answer on my Appeal. On 12-29-04 since (12) twelve days has elapsed with no response, I asked M.J.A. Morrow once again what was happening. I received the same arrogant response "there is nothing I can do".

I will do until I receive an answer on your appeal." The continued responses finally made me suspicious, that is when on 12-29-07 I brought the matter to the attention of Officer Brodi who contacted your Office.

The deliberate misdirection of an Appeal is serious business, considering the consequences that it can cause. The inmate Appeal is a legal process and should be treated as such by all individuals who handle them. The deliberate misdirection ~~or~~ destroying of an Appeal should deem serious disciplinary actions to all parties involved.

One thing that I forgot to mention is that a copy of my Appeal was sent by myself directly to Dr. Calvo.

part within this appeal was a minor issue at best. I personally spoke with an Officer who was a key witness in this appeal, he was never interviewed. As far as I have been able to ascertain, there was never any legitimate investigation ever conducted, only a giant smoke screen. Considering that one of the most important witnesses was never interviewed, only adds credence to the lack of any means of investigation. I am also considering filing a Citizens Complaint regarding this matter. I don't appreciate being lied to regarding this matter. I am now requesting an Internal Affairs investigation of these issues, especially after the malicious intent to thwart the seriousness of this appeal through totally inadequate investigating!

Attachment: B (9) 3-6-07

Unfortunately once again it seems that one of my Inmate Appeals wasn't returned on it's due date as yet.

The Appeal that I filed regarding Staff Complaints, Log # C.S. Q-5-07-00209 had a due date of 2-27-2007. This Appeal was assigned to the AW3 as a Staff reviewer at the First level for response.

It seems this is an ongoing problem at this Institution concerning Appeals not being returned on their (due dates).

I would deeply appreciate my Appeal being returned with the First level reviewer's response.

2 PART APPEAL ASSIGNED TO HCM AND AW 3 ON 1/17/06. APPEAL REASSIGNED TO AW 2 PER AW 3 ON 1/19/07.

3/4

Attachment; B (13.)

4-H-17L

3-12-07

In accordance to the Title 15 Rules and Regulations Code, as per Section 3084.5, regarding (Levels of Appeal Review and Disposition), Second level review shall be conducted by the institution head or regional parole administrator, or their designee. Considering that my appeal log # C.8.2.-5-07-00209 in accordance with your Inmate / Parolee Appeals Tracking System, was originally assigned to the (H.C.M.) then redirected to the (A.W.3) at the First Level of Review, then once again redirecting my appeal at the Second Level of Review back to the (H.C.M.) is totally inappropriate. This misdirection of my appeal is in complete violation of the Title 15's Section 3084.5 concerning Levels of Appeal Review. Unfortunately, the (H.C.M.) does not meet the criteria as a high enough level staff member to answer my appeal at the Second Level, per the Title 15 Rules and Regulations Code Book. I would deeply appreciate my appeal being reassigned to the proper level reviewer.

CDC Appeal Number: \_\_\_\_\_

Sergeant was called, in direct violation of Section (3354) regarding health care responsibilities and limitations of the Title 5 rules and regulations Code, the First-Watch Sergeant took it upon himself to act as a health care employee and deny me badly needed medical attention. Section (3354) explicitly explains that only health care consultants shall be permitted, within the scope of their licensure, to diagnose illness or, prescribe medication and health care treatment for inmates. "No other personnel may do so." Once again at approximately 0300 hrs. after still continuously suffering from extensive vomiting/diarrhea I approached the podium and told Officer Perry that my symptoms have become increasingly worse that I seriously need medical attention, also that I was now becoming critically dehydrated. Officer Perry once again contacted the First-Watch Sergeant and explained that inmate (Haskin) was getting seriously worse, unfortunately the Sergeant again violating Section (3354) took it upon himself to deny me badly needed medical attention. At any point of time during this fiasco if by chance an M.T.A. was contacted, then that person was seriously negligent in performing his/her job duties! At 0520 hrs. I approached Officer Perry again and said, "what do I have to do to get some damned medical attention? For God's sakes I feel like I'm literally dying." Finally he took the initiative to write me a pass directly to the TTA Clinic. At 0530 hrs. I barely made it to the Admin. Building and observed my third-watch dorm Officer Lee coming out of the M.S.F. Dorm and approach the Admin. Building; he stopped at the front door and asked what I needed. I then

Attachment: B (21)

explained that I had been deathly ill all night long and was in  
ribous need of medical attention. Officer Lee exclaimed, "we  
ied to do a man-down, hold on for a second." Just as  
Officer Lee entered the building the morning nurse  
rrived. She told me to also hold on a moment as she  
tered the building. Unfortunately directly after she  
tered the building Officer Johnston approached me very  
rogantly, "what the fuck do you think your doing out here?"  
the ranch is out here get the fuck back to your building."  
hen I tried to explain he again said, "get the fuck  
ack to your building now." By that time I was so  
weak I barely made it back to building 14). While standing  
inside the door of my building at approximately 0555 hrs. I  
was lucky to observe 2nd-watch Sergeant Collier going through  
he the outside ped-gate, I immediately approached him and  
explained my plight. Sergeant Collier thankfully acted very  
professionally and escorted me directly to the admin. building  
told me to grab a chair, then sit directly outside the  
clinic area. Approximately 30 minutes later I was escorted  
y walking directly to the T.T.A. clinic. Thankfully to  
sergeant Collier's professionalism I was finally out of serious  
medical danger. When the on duty nurses took my vital  
igns and discovered a heart rate of (145-150) they  
instinctively knew that I was very seriously dehydrated.  
They immediately contacted the on-call emergency doctor  
and he confirmed that I was dangerously dehydrated  
start pumping fluids into him (stat). Both on duty  
male nurses told me I was deathly sick and

Attachment: B (22)

Thank God I was brought in there. Over approximately 4 hours it took a full 4 liter bags of sterile fluids to bring my heart rate even back to (100) a somewhat safer level. I was lastly given an I.V. injection of prochlorperazine and three prochlorperazine 10mg. tablets. As I got ready to return to my dorm I was told no solid foods for at least 4 days, unfortunately this is where the first mistake was made. I wasn't issued any alive nutrient drinks to sustain myself. The following day of Dec. 26, 06 I approached male nurse (Pickett) and explained to him my situation, he became very unprofessional and stated thusly, "you got enough fluids yesterday I've nothing for you." I was very unprofessionally denied any way to sustain myself for over 4 days until the medical staff finally started handing out (alive). I was never treated so disrespectfully my entire life until this fiasco. The only three people who showed professionalism and respect were, Sergeant Collier, and the two male nurses in the T.T.A. Clinic.

## INMATE APPEAL ASSIGNMENT NOTICE

To: INMATE HASKIN, B96040  
Current Housing: ~~N3-000000~~ 067U

Date: March 11, 2005

From: INMATE APPEALS OFFICE

Re: APPEAL LOG NUMBER: CSQ-5-05-00488

ASSIGNED STAFF REVIEWER: HCM  
APPEAL ISSUE: MEDICAL  
DUE DATE: 04/25/2005

Inmate HASKIN, this acts as a notice to you that your appeal has been sent to the above staff for FIRST level response. If you have any questions, contact the above staff member. If dissatisfied, you have 15 days from the receipt of the response to forward your appeal for SECOND level review.

RADIOLOGY REPORT

NAME: HASKIN, L. NO: B-96040 HSG: X-102 AGE: 35  
TYPE OF X-RAY: LUMBOSACRAL SPINE ORDERING M.D.: DASSAH  
DATE OF X-RAY: 7/10/87 DATE OF REPORT: 7/10/87

LUMBOSACRAL SPINE:

Five views of the lumbar spine show mild diffuse hypertrophic changes involving the bodies and to a lesser degree the facets. Loss of disc space height is noted especially at L4-5. There is partial sacralization of the L5, with diminutive 12th ribs.

PATIENT: HASKINS, LEONARD B-96040 LB-140 AGE: 35

REFER. PHYSICIAN: DUFFIELD DATE: 8-20-

IVP: Preliminary film of the abdomen reveals several phleboid in the pelvis. There is no evidence for organ enlargements or soft tissue masses.

Following the intravenous infusion of contrast there is prompt and equal visualization of the kidneys. The right kidney measures 12 cm in length, the left kidney measures 12 cm also. Both kidneys have a normal contour. The calices, pelvis and ureters are nicely seen and have a normal appearance.

The urinary bladder is small, however, it empties nicely on the final film.

IMPRESSION: Essentially normal IVP as noted above.

## HIGH DESERT STATE PRISON

NAME: HASKINS

CDC#: B96040

DOE: 10-31-97

REFERRING PHYSICIAN: Efren Robinson, M.D.

CERVICAL SPINE:

DIAGNOSIS: Degenerative and discogenic degenerative findings are noted.

COMMENT: The alignment of the vertebral bodies is satisfactory. Degenerative findings are noted throughout the lower cervical spine with narrowing present at C6-C7, suggesting discogenic degenerative changes. Minor uncovertebral degenerative changes are noted throughout the mid to lower cervical spine, more so on the right side. The odontoid is intact.

Thank you for this consultation.

## HIGH DESERT STATE PRISON

## RADIOLOGY REPORT

Name: HASKIN, L.

Number: B96040

Date: 11/06/96

Exam Requested: LUMBAR SPINE

Housing: B1-208L

Doctor: GILKES

## LUMBAR SPINE, LIMITED:

Lumbar spine examination demonstrates early interspace narrowing at L3-4, L4-5, and L5-S1 consistent with degenerative disk disease. Very early posterior bone spurring is present at L4-5. Moderate anterior osteophyte formation is present at L4 and L5. No fracture or dislocation is noted. The pedicles are intact. The SI joints are open without diastasis.

- IMPRESSION:
1. Early degenerative disk disease at L3-4, L4-5 and L5-S1.
  2. No fracture.

11/14/96 dac

  
Thomas W. MacLennan, M.D. DABR

**X-RAY REPORT  
FOLSOM STATE PRISON**

NAME HASKIN, LEONARD NO. B-96040 DATE 09/29/98

X-RAY OF LUMBOSACRAL SPINE ORDERED BY GEOFFREY HANSON, M.D.

CLINICAL DATA \_\_\_\_\_

Outside films of the lumbosacral spine dated 11/19/96 have become available for comparison with the study dated 06/23/98. The degenerative osteoarthritic changes have advanced slightly compared with the previous study and involve more joints. Rudimentary twelfth ribs were noted in both studies. The narrowing of the fourth lumbar vertebral interspace was noted in both studies with very little if any change. The latest study shows narrowing of the fifth lumbar vertebral interspace not mentioned in the report and appears narrower compared with the previous study. The third lumbar vertebral interspace appears well preserved to this observer with no significant change compared with the previous study. There is widening of the transverse processes of L-5.

**IMPRESSION:**

1. Degenerative osteoarthritic changes and suggestive of degenerative disc disease, advanced, compared with the previous study.

JERRY L. MURPHY, D.O.  
RADIOLOGIST

**X-RAY REPORT**  
**FOLSOM STATE PRISON**

NAME HASKIN, LEONARD NO. B-96040 DATE 06/23/98

X-RAY OF LUMBOSACRAL SPINE ORDERED BY MARION MC ARTHUR, M.D.

CLINICAL DATA \_\_\_\_\_

The examination reveals apparent partial lumbarization in the first sacral segment with an associated joint space narrowing although disc disease here cannot be excluded. I cannot exclude neural foraminal encroachment by posterior spurring at this level as well. There is also a slight narrowing of the fourth lumbar vertebral interspace and disc disease here cannot be excluded. Mild degenerative osteoarthritic changes are noted with anterior vertebral body lipping and osteophyte formation involving T-12, L-1, L-3, 4, and 5. The study is otherwise unremarkable.
